Services Division

(Meeting on Wednesday, 10 October 1956)

The Committee dealt with some problems connected with NIE 10.1644, "Stability and Cohesion of the Soviet Satellite Structure." Developments in economic coordination, industrialization, and trade within the Bloc were discussed within the context of the NIE.

25X1A9a

At its next meeting, the Committee will continue discussion of NIE 10.1644. In addition, [REDACTED] of St/I will talk about the possibility of having FDD translators for the Satellite languages available on certain days in "M" Building. Members of the Committee should be prepared to discuss with Mr. [REDACTED] their own requirements and needs for these translators. This meeting will be at 1:30 PM on Wednesday, 24 October 1956 in room 1121 M.

25X1A9a

On October 26 at 11:00, the Committee will meet in 1121 M for a discussion of recent developments in Poland with respect to NIE 10.1644.
